

Behavioral Health Care the way it should be

Empower Members with rapid, personalized access to life-changing care and trusted guidance, on their terms – day or night, virtually, or in person.

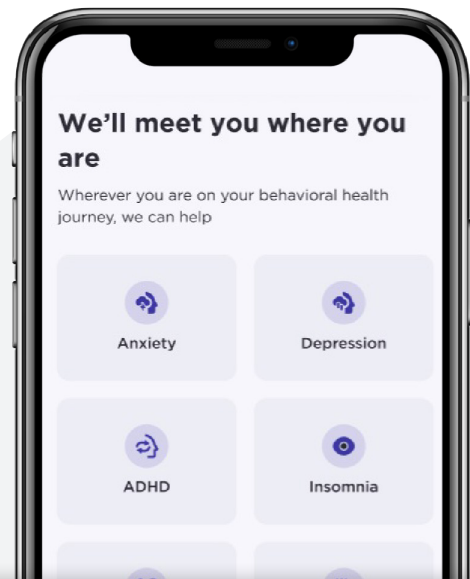

Comprehensive care across the spectrum, with 99%+ provider network accuracy¹

The only benefits solution to fully address all your population's behavioral health needs

for Members age 6+ across 12+ conditions and all levels of severity

Forget about opening multiple tabs, rifling through filing cabinets, and trying to track down information—Transcarent is now your Members' single point of access for their health and care, including behavioral health needs.

≤ 3

≤ 3 business days' time to available appointment

8 wk

8 week reduction in recovery time²

76%

76% recovery rate³

3x

3x the national average of BIPOC providers⁴

9+

9+ entry points to care⁵

70%

70%+ improved clinical outcomes⁶

Validated tools, including on-demand self-service digital cognitive behavioral therapy tools, and high-quality providers for coaching, virtual and local therapy visits, medication management, and access to facility-based care.

A behavioral health care solution as unique as your Members
